Gyaneshwar Kumar

Gyaan507

## Education

**Techno International New Town**

*Bachelor of Technology in AIML*

**2021 – 2025**

*Kolkata, West Bengal*

## Experience

**Niranthra Technologies**

*Junior Software Developer Intern*

**Sept 2024 – Dec 2024**

*Bengaluru, Karnataka*

- Developed and implemented backend solutions utilizing FastAPI to enhance project performance and efficiency.
- Demonstrated strong problem-solving skills while collaborating on various assignments.
- Ensured the delivery of high-quality software solutions.

## Projects

**SwiftAdmin Panel** | *Python, FastAPI, React.js*

**2024**

- Developed a full-stack web application with an admin dashboard to manage users and perform CRUD operations.
- Designed a responsive, user-friendly interface with an intuitive admin panel for efficient operation.
- Integrated a FastAPI backend with a React.js frontend for seamless real-time functionality.
- [SwiftAdmin Panel on GitHub](#)

**Multi-modal Project UI** | *React.js, FastAPI, PostgreSQL, CSS*

**2024**

- Developed an interactive UI for managing multiple AI/ML modals efficiently.
- Implemented a seamless frontend with React.js and styled it with CSS for a responsive design.
- Integrated FastAPI backend to handle modal requests and manage data with PostgreSQL.
- Added user authentication with login functionality and registration for new users.
- Optimized API endpoints for efficient modal execution and response handling.
